BARTIER TELEGRAMS.

THE WAR IN THE NORTH.

(Our Own Correspondent).

Continued downpour but renewed firing, are reported from Hwangtu. One of three Chinese messengers dispatched from Anting, as an eye witness attached to the Kiangsu forces has succeeded in reaching Shanghai by steamer from Chinkiang. He discredits Chokiang's claims of gains and expresses the opinion that Kiangsu is completely confident of victory. He reports that heavy reinforcements were despatched on Wednesday across the Taihu Lake from Soochow and southward from Changchow to support Yihing, and that upwards of a thousand casualties are filling the hospitals and Soochow University dormitories. The Japanese News agency states that this morning a Peking report says the Mukden railway line has been closed. Lungwha is not issuing a communique to-day.

Secretary Loh says that two Mukden messages have been received, one reporting that firing began Saturday night in the Shanhaiwan and Jehol districts, the second reporting the capture of Tsaoyang, near Jehol.

Loh says that while fighting to-day at Kiating, Chokiang advanced towards Tientsin, and also scored other advances near Anting. There were major operations however, to the west of Taihu lake were the artillery was turned on—Yihing after the Chokiang commander had withheld his fire in response to a petition of the townspeople, only to discover that this was a ruse to enable Kiangsu to bring up reinforcements. Chokiang admits having suffered unimportant losses when junk transport troops to Taihu suffered from heavy fire. The rains are still intermittent.

Reports from Nanking state that Kiangsu reinforcements are moving southward. Kiangsu claims that attacks on Iliang have been defeated while the area of fighting has been extended to the south in a new drive against Tientsin and Sungkiang.

There was renewed fighting reported this afternoon in the Lihue sector and along the railway line where Chokiang is holding the line near Anting.

There is a perceptible easing of the Kiangsu pressure on the Hwangtu front as the result of the Chokiang successes in the Iliang sector. Iliang seems not yet to have been actually captured, though it is definite the Kiangsuis are evacuating the town and falling back to Changchow. A large number of Kiangsuis from the Hwangtu front has been sent up the line to Changchow, where they will make an effort to break the Chokiang advance and save the menaced communications.

Lu in a communique states that a telegram has been received from Mukden stating that Wu Pei-fu's and Chang Tso-liang's outposts Shanhaiwan and Haifengkw have exchanged shots. A big engagement is expected in a day or two. Tourist agencies in Peking were instructed to-day not to sell tickets beyond Shanhaiwan, which is the centre of neutral territory wherein no troops are stationed, except railway guards. Hitherto through train tickets have been available and ordinary traffic resulted in an exact exchange of rolling stock. The present restriction is due to the fear that Chang Tso-liang will seize the Chihli trains.

Parliament this afternoon elected Dr. W. W. Yen as premier. Four hundred and thirty five members were present and 293 voted in favour of Dr. Yen as against 201.—Reuter.

London, Sept. 13.
The Daily Telegraph's diplomatic correspondent says the United States Government has decided to cooperate in the defence of American and other foreign life and property in China, but no intervention of a forcible character is contemplated. Sanction of Congress is requisite therefore.

London, Sept. 14.
Viscount Hayaashi, interviewed by the Sunday Times on the position in China, asked how the Powers could intervene unless they were prepared to spend a lot of money which America and Japan certainly were not prepared to do. He thinks there is little possibility at present beyond protecting nationals in their lives and property and suggests the establishment of small military guards in the principal railways, either Chinese or foreign, or perhaps Chinese under an international body of officers. It will be time for the powers to intervene usefully and to offer combined assistance when some definite decision is reached in the struggle or when all claimants are exhausted. Japanese statements to-day recognise their predecessors mistake in refusing support Yuan Shikai as the British were prepared to do. Viscount Hayaashi testified to Chong Tso-liang's military and commercial ability.—Reuter.

Official bulletins claim that the Chokiang forces at Lihue, Kiating and Hwangtu on the 12th were defeated and suffered many casualties. Owing to lack of reinforcements they are being surrounded. The Kiangsu defeat near Iliang is not confirmed in these reports which on the contrary state that Chih Shieh-yuan's forces have occupied a portion of Lunshan taking upwards of fifty prisoners and capturing arms and ammunition.

The ninth division is recruiting at Peking for transport work since the 11th, and has enrolled three thousand.

Generally the situation appears to be ripening but there is no sign of early hostilities.—Reuter.

GERMANY AND THE LEAGUE.

Berlin, Sept. 13.
An authoritative statement has been issued emphasizing that Germany cannot enter the League of Nations until the war guilt question has been solved. The Covenant will have to be altered more favourably towards Germany before she enters the League, on the Council of which she must be allocated a permanent and not an elective seat.

An authoritative announcement issued last evening that Germany would be unable to enter the League of Nations until the question of war guilt had been settled caused a sensation in the Press and was joyfully greeted by the newspapers of the Right, which denounced the Democrats and Socialists. It is now announced that the statement emanated from Herr Stresemann, and was his first act on return to Berlin. A Cabinet crisis is considered certain.

Cologne, Sept. 14.
The French troops are gradually evacuating the Dortmund zone, only skeleton forces remaining at Gelsenkirchen, Bochum and Oberhausen. Departed railway officials are returning in large numbers.—Reuter.

DEFENCE DAY.

Washington, Sept. 13.
Reports received from the War Department indicate that over sixteen million civilians participated in Defence Day exercises throughout the country.

The American world fairs were the feature of the Defence Day celebration, passing over the national Capitol. The day was celebrated throughout the country by millions of people, with a parade, the object being to keep alive among the citizens interest in defensive preparation in accordance with the recommendations of General Pershing, who retires from active service tonight.—Reuter's American Service.

REDUCTION OF ARMAMENTS.

CAMERA NEWS

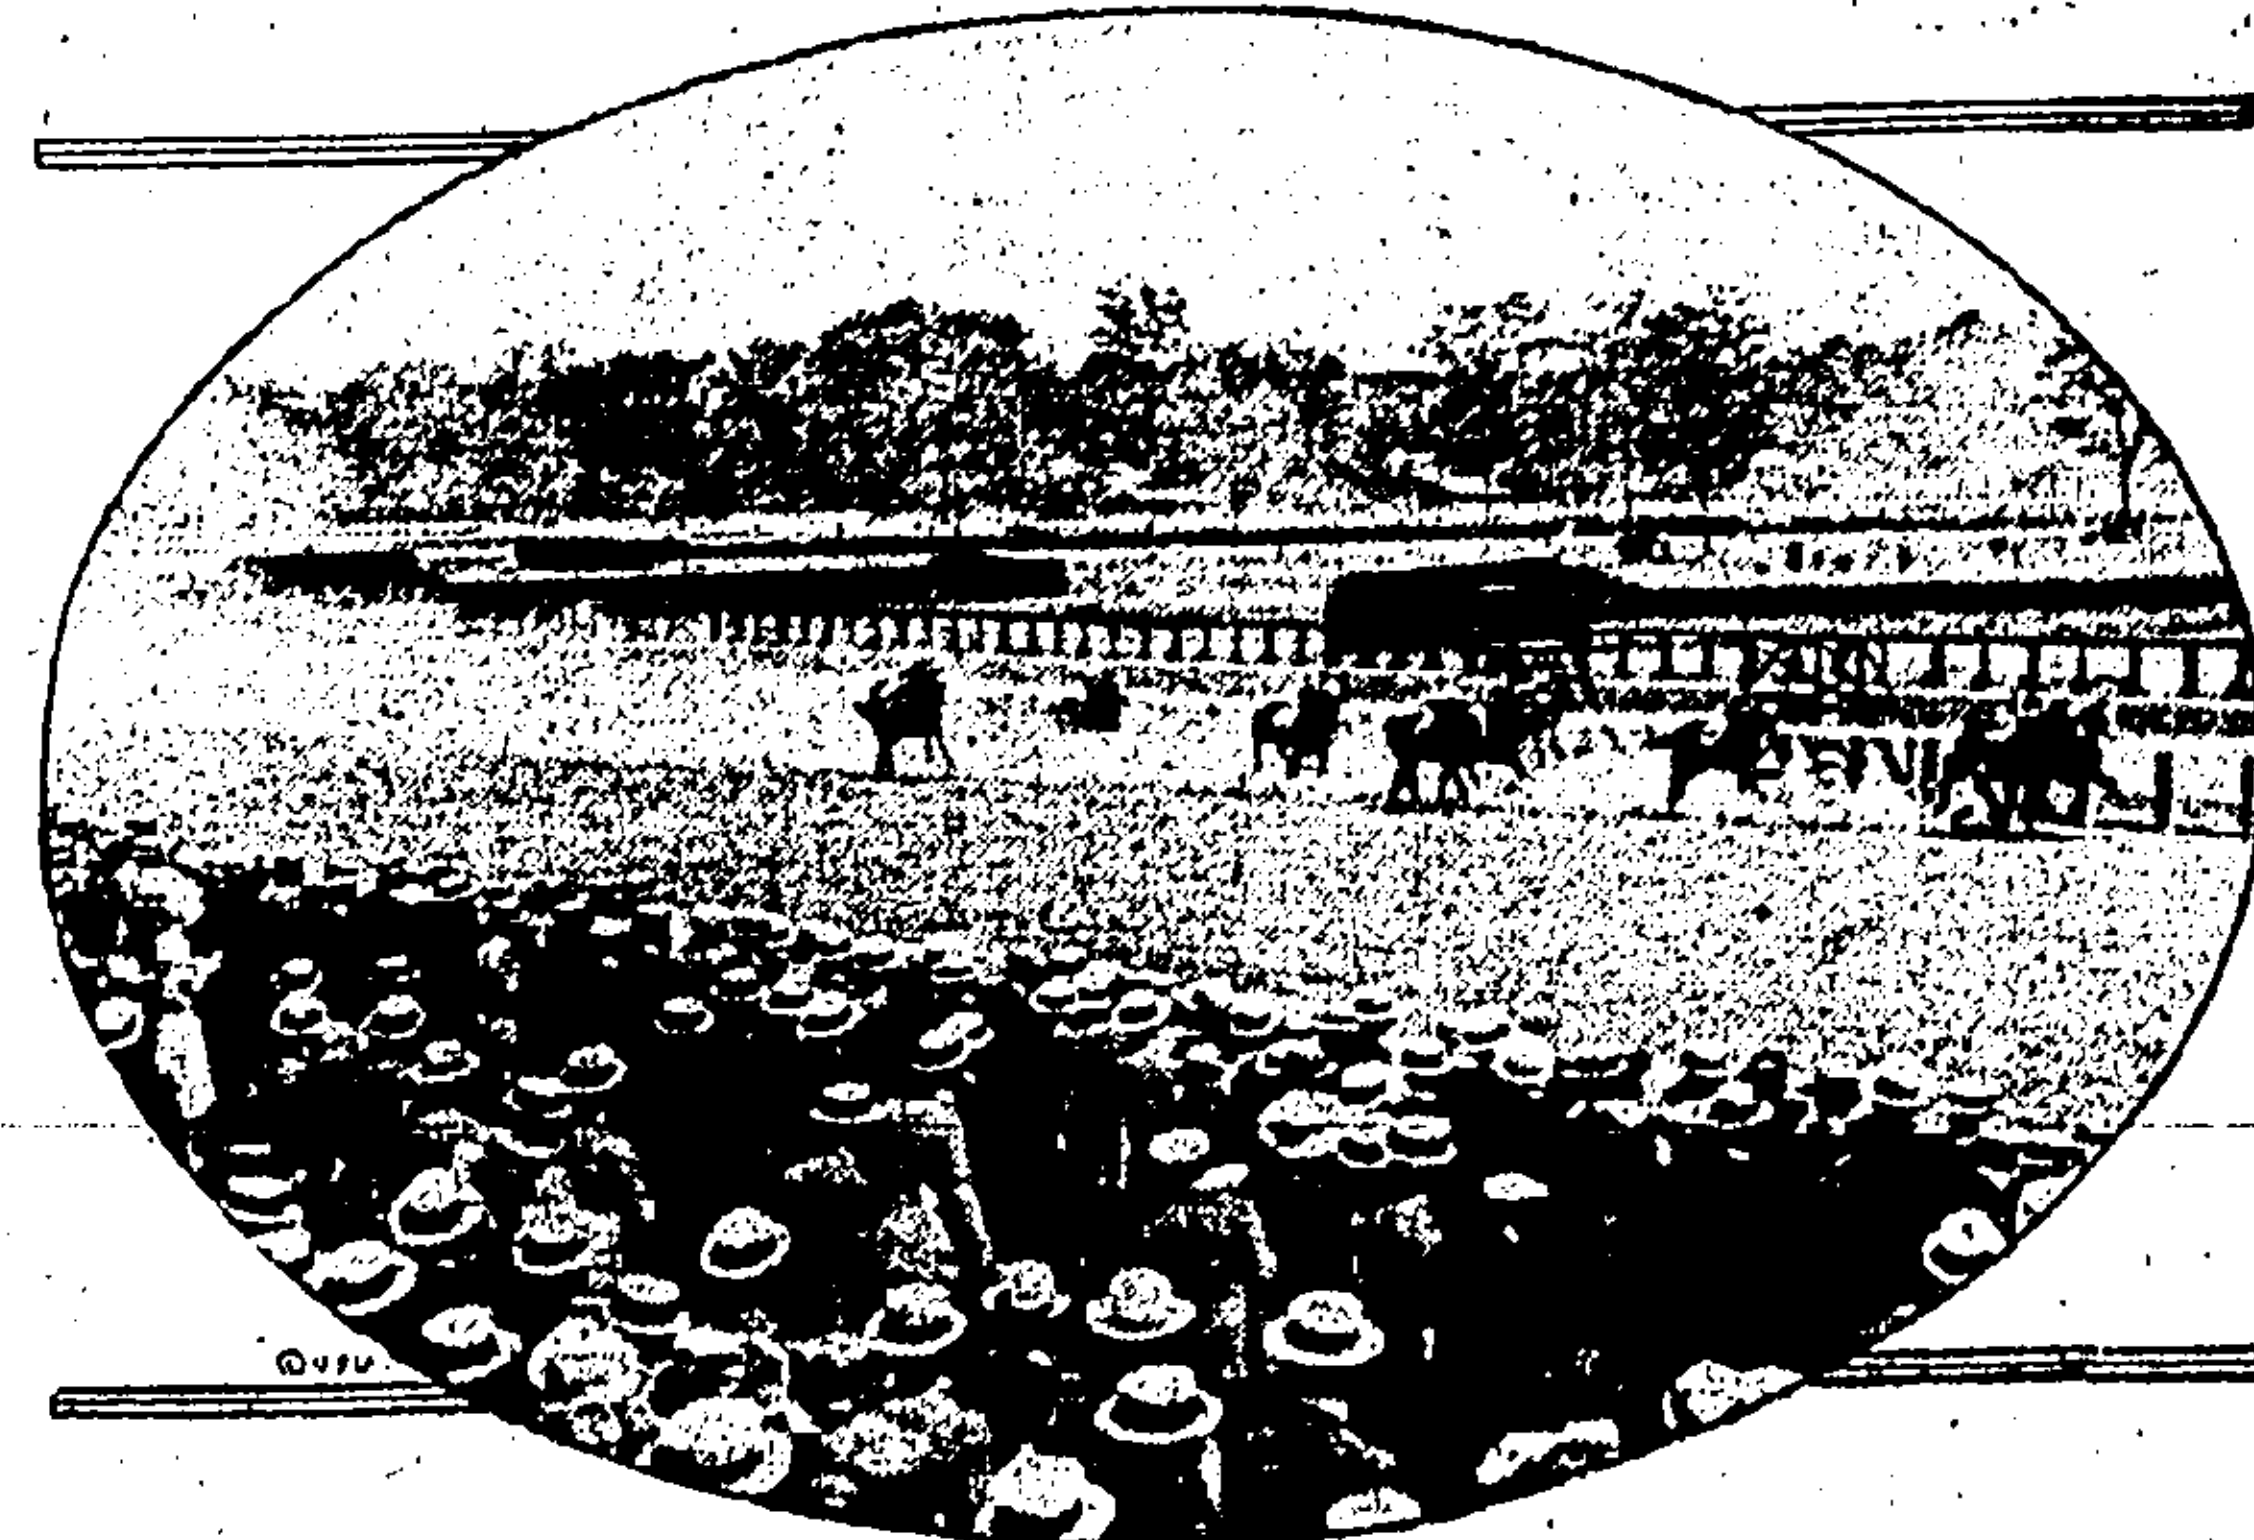

KEEPING COOL.—The "Sidewalks of New York" are turned into a city version of the "ol' swimmin' hole" for youngsters of the far-famed East Side. With the mercury all but bursting its glass container firemen provide free showers while the children flop about in bathing suits, rolling in the streets pretending that they are bathers at the seashore.

DEMOCRATS' CHOICE.—John W. Davis, the Democratic candidate, rides in the locomotive of the Saratoga Express on his way to the country place of Franklin Roosevelt, at Poughkeepsie.

MOVIE STAR.—Even prodigies are likely to have their bad days, as witness Baby Peggy, movie star, laid up in bed after being vaccinated at Atlantic City.

IN THE STATES.—Society and bookmakers crowded the race track at Saratoga Springs, when the turf season started there. Above you see Polycarp leading a bunch of others home in the first race.

WAITING FOR HUSBANDS.—These women were snapped at Trenschein-Tepitz, an Austrian summer resort.

RUNNING RISKS.—Frank E. Campbell, Jr., 11 years of age, drives a speed boat around Long Island Sound at 32 miles an hour. Here you see him cutting the path of a U.S. destroyer.

BACK FROM AMERICA.

HEAVY PENALTY IN ARMS CASE.

Notwithstanding the heavy penalty of \$1,000, or 12 months' hard labour in default, for being in possession of arms without a permit from the Captain Superintendent of Police, another Chinese farmer, who returned to the Colony from the United States by the President Cleveland, has been arrested. He appeared before Mr. E. W. Hamilton at the Kowloon Magistracy this morning on a charge of unlawful possession of seven revolvers and 1,100 rounds of ammunition.

Defendant admitted possession of the case which contained the arms and ammunition, but stated that he did not know the nature of its contents. Before he left America, he was the recipient of a number of presents from his friends. The case containing the contraband with two similar cases containing apples, were handed to him by a friend who asked that they be taken back to the country for him.

His Worship, remarking that defendant took a great deal of responsibility by having in his possession a box without knowing what it contained, imposed the maximum penalty.

WAR'S UGLY REALITY.

Shocking Scenes Among Chinese Wounded.

Wars in China have generally been sketched on a chess board, the victory being the result of calculation rather than heavy fighting. This is no longer true. On the Liuhao sector, the men on both sides are apparently fighting, fighting to win by their rifles and bayonets.

A trip along the Liuhao Road or a visit to the base hospital brings home the appalling horrors of war. Hundreds of men are being brought back to Shanghai in motor lorries and Red Cross motor cars, their jaws blown away, a leg hanging loosely, an arm almost gone. Some are shot through the lungs breathing their last on the way to relief.

The yellow-capped Fukien troops are fighting to get home to Shantung. At present they have no homes. Driven from Fukien, they crossed through Kiangsi to Chekiang. Nowhere really wanted, they entered this war, to wage their way through Kiangsu to their native provinces or to give it up. There can be no question as to their spirit. They held their front against varying odds. They have been the advance guard of Chekiang. Their fighting is desperate. When one sees them lying on the motor-lorries or on the stretchers one realizes how close they came to the enemies' bullets. The groans of suffering men, the blood-stained uniforms, the presence of imminent death, raises the eternal question, "What are they fighting for?"

FINE RED CROSS WORK.

The work of the Chinese Red Cross in handling these troops is something new to China and perhaps the only praiseworthy feature of the war. At the Red Cross General Hospital, at the Tientsin Road base, at Chupai and along the road to Liuhao, the Red Cross doctors and nurses, Red Cross ambulances and motor cars, are bringing a spirit of humanity into this gruesome butchery. At the Red Cross General Hospital, Dr. New Way-ling and the other Chinese surgeons are performing in many cases major operations with singular rapidity. Operation after operation is performed, in rapid succession, until all the men brought from the front have been handled. The organization activities of Dr. New Way-sun and Mr. Chuang Te-tao have raised this remarkable organization to the point of perfection which it has reached in the present war.

Dr. New Way-sun, Field Director of the Chinese Red Cross announced last night that several foreign surgeons had volunteered to assist the Red Cross at base hospitals and that their services had been gratefully accepted. The foreign surgeons will not wear the Red Cross uniform and will not attend at the front. The names of the foreign surgeons assisting the Red Cross are to be announced later.—North China Daily News.

EARLIER TELEGRAMS.

GERMANY'S OBLIGATIONS.

Berlin, Sept. 13. It is announced that in order to enable the German people to discharge the burdens of the London agreement, the Imperial Government on September 18th will reduce normal goods, livestock, coal and freight rates by ten per cent. The price of Silesia and Ruhr coal will at least be the same amount. The Reichsbank will raise its quota of discounts by ten per cent. of the currency of bills of exchange at the Reichsbank. As regards ordinary trade, bills will be restored in three months. Discounting of Bank acceptances will be renewed. The banking unions will be urged to maintain normal provisions of credit through changes of rates of interest in bulk and numerous regulations regarding foreign currencies will be abolished. The turnover tax will be reduced on October 1st, to two per cent. company and security taxes will be reduced on October 1st.—Reuter.

MECCA IN DANGER.

London, Sept. 13. Following a report that the Wahabis, a fanatical Moslem sect, raided Hedjaz and captured the town of Taif, seventy miles southeast of Mecca, destroyed the tombs and massacred the population, Cairo reports that the Egyptian Minister of Public Works has received a telegram from the Superintendent of the Egyptian hostel for the poor pilgrims of Mecca, asking permission to transfer the funds to Jeddah owing to the danger of Mecca falling into the hands of the Wahabis. It appears that practically all King Hussein's forces have been concentrated in the region of Taif, leaving only a small police force at Mecca, and it is considered improbable the tribes will rally to Hussein in the event of an attack on Mecca.—Reuter.

THE GEORGIA RISING.

Moscow, Sept. 13. The Soviet Commissariat of Foreign Affairs, in a communique, denies the seriousness of the situation in Georgia, which, it says, is greatly exaggerated in the foreign press at the instigation of Russian emigres and Menshevik refugees from Georgia, in order to discredit the Soviet abroad and militate against Anglo-Soviet negotiations.—Reuter.

WAR DEBTS.

Washington, Sept. 13. Edward Surley, a member of the American Debt Funding Commission, recently returned from Paris, where he conferred with the French Government officials, has submitted to Mr. Mellon a plan for the settlement of the French debt to the United States, providing for payment of the debt in sixty-seven years at the rate of one hundred million dollars yearly, with interest, on condition that the United States will reinvest half the annual payments in French industrial bonds. Mr. Surley stated that French reaction to the proposal is favourable.—Reuter's American Service.

A LUCKNOW RIOT.

Lucknow, Sept. 13. A Hindu-Muslim riot, caused by a rumour that a Hindu boy had been converted to Islam, resulted in two being killed and 20 injured. The military were called out.—Reuter.

PUNJAB FLOODS.

Simla, Sept. 13. Serious floods have overwhelmed several parts of the Punjab. Two hundred villages in Sharapur State have been flooded, and Bharatpur city is threatened. The Maharaja and all the officials are working strenuously to minimise the damage and prevent distresses.—Reuter.

BRITISH GOLFERS BEATEN.

New York, Sept. 11. The United States have retained the Walker Golf Cup by defeating the British team by nine matches to three. They won the singles by six to two.—Reuter's American Service.

BASEBALL.

REST DEFEAT SOUTH CHINA.

There was a big gathering of spectators at the Football Club's ground in Happy Valley on Saturday, when the baseball champions, the South China Athletic Association, met the Rest of the League.

It was perhaps something of a surprise that the S.C.A.A. should have been defeated, and the low scoring was also remarkable.

Koonly contested throughout, the match was always interesting, and towards the close it was an open question who would win. With one point in the first innings and another in the second, the Rest were unable to score again until the sixth. South China, after scoring in the fourth innings, had a good chance of pulling off the game, but that proved their solitary point. It was a contest exhibiting good pitching and fielding.

Line-up and Score.

The line-up was as follows:—
S.C.A.A. REST.

Presentation of Shield.

At the end of the game South China Athletic Association were

presented with the Lai Wah Shield and League medals as the season's Champions, by Mr. W. Logan, who was introduced in a brief and pointed speech by Mr. M. Wallman, the honorary secretary of the League.

Mr. Logan, in an extremely appropriate speech, mentioned that he had attended nearly every match and congratulated South China on the way they had carried through the season's schedule, their keenness and their sportsmanship. He was glad to see that baseball was coming into its own as an international sport and felt that the match between the Cricketers and Baseballers this season had done much to stimulate interest in the game. It was significant that two of the Cricketers' team had played for the Rest. He congratulated Mr. Wallman on the excellence of his work in carrying out the secretarial duties of the League and hoped that his valuable services would be available in the future.

In reply, Mr. Wallman stated that it was with regret he was leaving the Colony in December and there was little hope of his return, but he had no doubt that another, quite as willing and capable as himself, would be found to fill the post the duties of which he had endeavoured to carry out to the satisfaction of all concerned.

With the presentation of the shield and medals, and three cheers for the winners, the proceedings closed.

TO-DAY'S MISCELLANY.

It is evident that the United States navy is paying very special attention to the possibilities of submarine warfare, and is sparing no effort to provide itself with the types which future eventualities may demand. The latest indication of this is the approval of the plans of a submarine mine-layer, which is to form part of next year's programme, and which looks like being one of the most remarkable underwater craft in the world. Details are not likely to be announced for some time, but it is known that she is to be fast enough to accompany the fleet and is to have a large radius of action. Her construction and machinery are to cost not more than \$5,300,000, with an additional \$850,000 for armament and ammunition.

A memorial on spelling reform was presented a few weeks ago to the President of the Board of Education, Mr. C. P. Trevelyan. The deputation which had the matter in hand represented a fairly wide field of intellectual activity. Among its members

were Mr. William Archer, Professor Emory Barnes, Mr. Arthur Henderson, M.P., Sir Mark Hunter, and Dr. Reginald Macan; while the signatories included Professor Elton, Mr. A. P. Graves, Dr. Kimmins, Dr. Walter Leaf, Professor Gilbert Murray, Sir F. Pollock, Sir Ronald Ross, Sir Michael Sadler, Sir A. E. Shipley, Bishop Wollaton, and Mr. J. Wells. The deputation suggested the adoption of a simple phonetic orthography in schools, and emphasized the importance of reform, first as a method in education, and secondly as it would affect general usage. Stress was also laid on the value of spelling reform, in view of the diffusion throughout the Empire of English as the native tongue of the Empire, and also of the growing acceptance of English as an international language. Mr. Trevelyan agreed that the present system was full of difficulties, but pointed out that the problem was how to improve it. He felt that no commission could be expected to find a scientific solution unless the supporters of spelling reform were able, as a preliminary, to decide upon an agreed and definite scheme.

THE BOY SCOUTS.

The past month has seen a great revival of interest, throughout the world, in the Boy Scouts, and the result will no doubt be soon during the next few years, with a more rapid growth of this movement everywhere. The two big Scout features of this year, that will always be remembered, are the "Jamborees," the Imperial one at Wembley and an international one in Denmark. These have drawn representatives from every country that has adopted the Boy Scout movement, and the meeting of so many races, the travelling, and the instruction given, will have an educative influence which can hardly be estimated. When one looks back to the beginning of "scouting for boys," as taught by Lt. Col. Baden Powell and the small band of helpers he had gathered round him, it seems amazing that the idea has been adopted so widely and that the movement has become practically an official one, receiving the patronage and support of the highest in the land yet it is easily explained when one realises that the principles of the organisation embody the making of a boy into a real man, and a useful and valuable citizen. Here in Hongkong we have already had witness of these lessons well and truly learned—instances of unselfish work for others, which scorned personal hurt or inconvenience.

The Prince of Wales, whose interest in the Boy Scouts has always been a great asset, put the idea of the originator into a few words when he addressed the Empire's Scouts at Wembley last month. Speaking of the possibilities of the future of the Imperial federation, the Prince said: "You are the future Empire men, and it is up to you to carry out your Scout law and be prepared for these great possibilities—go on with your scouting, and gain all you can in health and strength both of body and mind." What the future of Scouting might mean was voiced in a subsequent address by the Archbishop of York, when he said: "You

will resist the jealousies and suspicions which keep classes and nations apart. You will try to spread everywhere the goodwill of comrades by which alone peace can come to the world, and stay within it." At this time in this world's history what finer message to the younger generation could there be than that?

Kowloon's New Church.

Friday next will be a great day with the Union Church folk, because it will mark the formal opening of the temporary building in Kowloon. For some time past, services have been conducted at the Central British School, but from Friday onwards those who have been in the habit of attending these will have their own church building and, as a consequence, they will begin to feel that their ambitions are gradually becoming realised. It may be that this little temporary church will serve them for some considerable time, although the site for a permanent building near the new Kowloon Hospital has been allotted and will in due course have built upon it an edifice more in conformity with future requirements. The parent church in Hongkong has had a long and honoured existence and it is only natural, with the growth of the population across the harbour that its influence should spread further afield. In an expanding community there should be religious facilities for all sects, and we have no doubt that great things will develop out of Friday's gathering so far as the religious life of the Colony is concerned. We note with much satisfaction that representatives of all the Protestant churches are to take part in this function, for that fact betokens a spirit of friendliness and amity which in many other places is all too conspicuous, in church life, by its absence.

Dr. Sun's Beliefs.

We can afford to smile at the *Canton Gazette's* shrieking disclaimer of Friday last, which aims at showing that Dr. Sun Yat-sen is anything but a Bolshevik. Even its description of the *Telegraph* as "that mean little organ of Imperialism" only adds to the mirth, as also does the suggestion that hirelings of the Imperialist press spend their time in lying, cursing and damning. We must have hit the truth pretty well on the head to have aroused such anger as this, for the boaten party in a controversy ever takes shelter in abuse. The issue, happily, is quite plain and straightforward. Dr. Sun cites the Russian Revolution as having "set to China an example of how a nation may free itself from the shackles of foreign aggression and injustice." As we understand it, that Revolution produced and established Bolshevism. It therefore follows that if Dr. Sun says it represents an example worth copying, he is endorsing the basic idea of the Revolution—namely, Bolshevism. All the word-splitting in the world will not dispose of that point. Besides which we have something more conclusive than wordy declarations by Dr. Sun. His recent rule in Canton has been thoroughly Bolshevik in character, and the advanced wing of his Kuomintang Party is out-and-out Bolshevik in its aims. Even if his words did not prove him a Bolshevik, his deeds have more than done so.

TOO HAPPY TO LIVE.

Extraordinary Reason for Suicide.

"I committed suicide because I was too happy. I always had everything I wanted in my life."

This was part of a note found pinned on the coat of an unknown young man found shot through the head alongside an expensive motor-car carrying a New York State licence between St. Com de Beauvo and the woods of Jackman, near the Maine border. The matter has been reported to the police authorities at Quebec.

The note went on: "My parents are millionaires. I realised all that it was humanly possible to wish. I do not find life good enough to remain in it. I have a strong longing to find out what there is in another life and I am going away."

DAY BY DAY.

THERE IS SOME PARTICULAR WORK WHICH LIES TO EVERYONE'S HAND WHICH HE CAN DO BETTER THAN ANY OTHER PERSON.—*John Watsoy*.

The Board of Education is to meet on Wednesday.

Sin Yin, a coolie, was killed yesterday by a fall from the first floor of No. 16 Robinson Road.

Armed robbers who met a wayfarer on the Shatin Road on Saturday took from him a sum of \$2 and \$3 worth of mooncakes.

Mr. Hope has reported to the police the theft of £50 10s. belonging to him, from the Hongkong and Shanghai Bank mess.

The health return for the past two days shows two Chinese cases of typhoid fever and one British case of cerebro-spinal fever.

The picture rattled by Mrs. W. M. Johnston, Kowloon Dock, in aid of M. C. L. Funds, has been won by Mr. Foreyth. The sum of \$86 was realised.—*Advt.*

The body of a Chinese female named Tang Pui, living at So Kam Wat, who committed suicide by drowning, was taken to the Kowloon Mortuary yesterday.

A bricklayer was injured yesterday in a fall from a scaffolding on which he was at work at the Hongkong Hotel. He was removed to the Government Civil Hospital.

The master of s. s. Overstraten reports that three Chinese passengers died whilst the boat was on her way here from Singapore. Two died from old age and one from malaria.

Eight boat people were each fined \$5, or five days' imprisonment, by the Marine Magistrate this morning, for lying without permission in the Causeway Bay typhoon shelter.

The engagement is announced between Mr. G. N. Orme, Director of Education, and Miss H. M. Thompson, B.A., assistant mistress, at the Central British School, Kowloon.

Moonlight bathing will be indulged in at Kasma Beach to-night, a launch leaving Blake Pier at 9.15 p.m. Tickets may be obtained from the Hon. Secretary. Refreshments will be available.

For having in his possession a number of cartridges, a Chinese who was arrested on the Kongmoon steamer Tai Loo was fined \$200, or two months, by Mr. K. E. Lindesail at the Central Magistrate's court.

Universal has produced a real Western picture starring Jack Hoxie that is a combination of thrilling action, interesting story and pictorial beauty, in "The Phantom Horseman," showing now at the World Theatre.

The attention of mariners is called by the Harbour Master of Shanghai to the fact that the launch Billy Dollar lies sunk in the fairway of the river, about 150 feet from Hoong Shin Wharf. A mark boat, flying a green flag by day and showing a green light over white light by night, is moored immediately riverward of the wreck.

Mr. E. W. Hamilton, at the Kowloon Magistracy this morning, made orders for the confiscation of 50 rounds of ammunition which were found unclaimed in the storeroom quarters of the President Madison by Revenue Officer Lanigan on the 3rd inst. and for one revolver and 99 rounds of ammunition which were found on board the s.s. Bindorass by the captain, Mr. R. B. Dawson, and handed over to the police on 21st August.

TWO-MINUTE TALKS A Daily Tonic By ROBERT POWER

"REPRIEVED!"

There is a world of significance in the word, *Reprieved!* In connection with capital punishment it means the passing of a condemned person from the shadow of death to the light of life; for existence is sweet, and those who have been reprieved, although it means years of imprisonment, clutch joyfully at the new hope of living on. "The time will soon pass . . . and it means life" said a man not so long ago, who at the eleventh hour was snatched from the gallows.

Sometimes a sufferer has gone to a doctor and asked for a candid opinion of health conditions. After a long and careful examination there may have been delivered the death-warrant. Perhaps recourse is made to this particular disease from every angle. How anxiously his verdict is awaited! It often is a confirmation of the first report. But sometimes it is a reprieve: "I think with care and special treatment there is a chance of recovery in time." It is indeed like passing from death to life, and Hope can work wonders.

A reprieve is another chance—a breathing space, an "interlude of grace" as Cromwell said, when describing his mystical experiences. There are times in life when everything seems obscured by darkness and distressing events. The business goes wrong;

health falls; friends grow apparently lukewarm; and blow after blow falls. There is an old saying that "it never rains but it pours"—a homely way of expressing the truth that troubles rarely come singly. Yet, when everything seems utterly hopeless, then it does often happen that there comes a break in the clouds. "I am reprieved" is the secret thought, and hope springs up anew.

A reprieve is not given lightly. It is a measure of mercy. It follows anxious consideration, the weighing of facts, and a thorough scrutiny of anything that can be said in favour of the condemned. So in life's experiences, I do believe that these gleams of Hope which break through the darkness are not more fortuitous exhibitions of *Chance*, but a manifestation of some over-ruling Power guiding and ordering our existence. If we believe this, does it not make the reprieved person consider well the future course of actions? "I feel I've had another chance; I mean to go carefully"—this is the language of the reprieved who realises that "luck" and "good fortune" are over-rated factors in life.

"If only I could make a fresh start!" How many a man has sighed out this desire. Well, it may be that in the midst of all your worries and woes will come that sudden opportunity to "make good." You are reprieved. Make the most of your new opportunity.

PROMENADE CONCERT. SHANGHAI FOOTBALL.

SUCCESSFUL K.C.C. EFFORT.

The promenade concert given on Saturday evening by local artists, under the auspices of the Kowloon Cricket Club, was a distinct success. The appeal it had for the public was shown by the very large attendance, quite a number of people travelling over from Hongkong. Seated out in the open-air, opposite the K.C.C. pavilion—which had been decorated with coloured lights and provided with a temporary "stage"—the gathering listened to the music under ideal conditions.

The songs by Mrs. H. L. Lockhart and Mrs. R. K. Duncan were much appreciated. Mrs. Lockhart's "My Ain Folk" appealed especially to the Scottish section of her audience, and "Love's Old Sweet Song," the favourite of a past generation, revived memories of twilight in other lands. Mr. R. Keown is always sure of a welcome, and his fine voice was heard to best advantage in the song of the Toreador from "Carmen."

The humorous element was in the safe hands, if one might so term it, of Messrs. A. W. Allcock and Mr. Charles Olive. The latter's references to the various girls and their various looks was very enjoyable, and his renderings of more serious subjects proved him an elocutionist of great ability.

By kind permission of Lt. Col. Montagu Bates, the band of the 1st Bn. East Surrey Regiment contributed to the programme, playing a number of delightful selections under the direction of Mr. W. F. Bradshaw.

A word must be said also for the accompanists at the pianoforte, Mrs. H. M. McTavish and Mrs. J. Fraser.

The committee responsible for the programme and general arrangements—including the refreshment buffet—are to be congratulated on the success which attended their efforts.

DRUGGING NATURE.

Cut Flowers And Aspirin.

Cut flowers may be prevented from fading by giving them an aspirin tablet. Mr. N. D. Keefor, pharmacist at the State Sanatorium at Mount Alto, Pennsylvania, states that by this method he has not only preserved flowers several days beyond the time when they would ordinarily fade, but has revived them when wilted. The experiments were conducted with chrysanthemums. Some of them were put into water to which an aspirin tablet had been added; the others were put into plain water. Kept under conditions otherwise the same the drugged blooms outlasted the

INTERPORTS RECALLED.

We have received the report and financial statement of the Shanghai Football Association for the season 1923-24, which was a very successful one for the North.

The great struggle with Hongkong's visiting team—3 goals all in the first encounter and 1-nil in Shanghai's favour on the replay—is recalled.

It is again mentioned that: "The provision of an adequate number of efficient referees still remains the most serious problem that the Association has to face."

As regards the accounts: "The report of the hon. treasurer is sufficiently detailed to call for little explanation, but it will be noticed that the balance in hand is less than at the end of last season and is accounted for by the sum of \$279.77 being transferred to the Interport account."

CHINESE TEAMS.

"With the possible acquisition of private ground it would appear that the greatest difficulty of admitting Chinese teams to the various competitions has now been overcome," says the report. "It would create greater interest in the competitions and go far in fostering that friendly feeling between Chinese and foreigners which is already so noticeable on the field of sport. As a possible beginning China could enter a team for the International Cup competition and the colleges could enter for the Skottowe Cup competition and thereby pave the way for entrance to the Leagues. It is doubtful at present whether the Chinese colleges could enter for the League competitions, as their vacations, examinations, and the fulfilling of their own intercollegiate fixtures would hinder them from completing a list of fixtures such as arranged by this Association. It may however be possible for a central athletic organization to enter a team which could play throughout the season. Invitations will be extended to representatives of all the local Chinese teams to attend the annual general meeting."

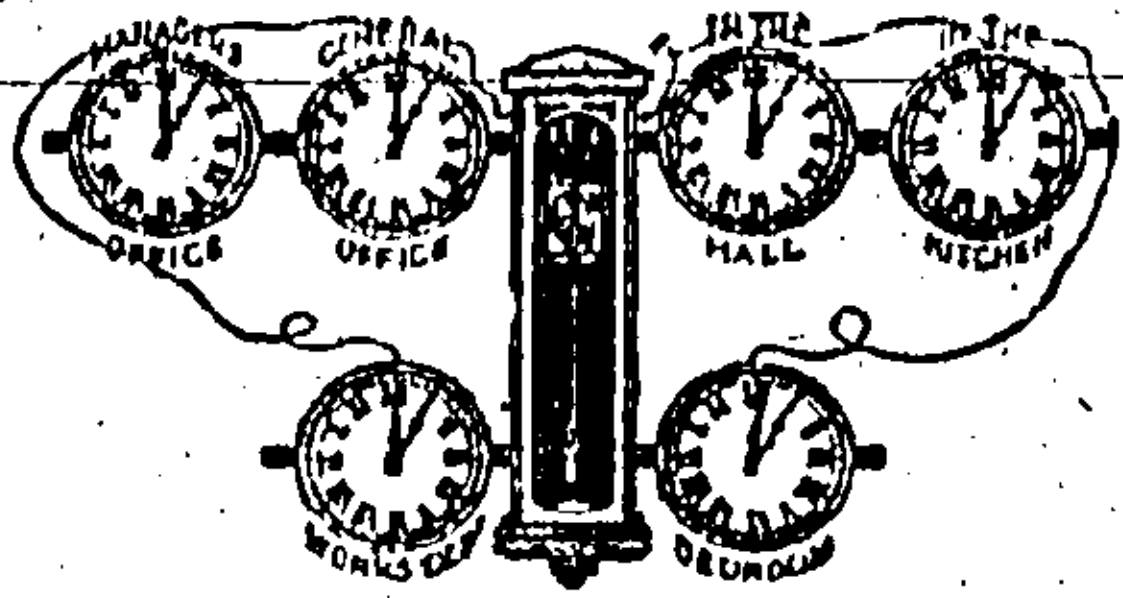

The annual meeting is to be held next Thursday.

others by three days. In another case, flowers which had stood in a hot room over night, and were badly wilted, were given fresh water, to which an aspirin tablet had been added. They revived in two hours, looking as fresh as they did when picked the day before. The leaves, however, remained wilted.

The explanation of the action of aspirin is that it acts as an antiseptic, interfering with the enzyme which normally causes the clogging of the vessels of the stem at its cut surface.

ONE OF THE WORLD'S GREATEST SALESROOMS

The salesroom of the New York Branch of the Buick Motor Company at 55th Street and Broadway, New York, sells and delivers more cars and more dollars worth of automobiles than any other salesroom in the world. And its sales are increasing all the time.

This Buick Branch delivered, during 1923, 24,565 new Buicks, representing a cash value of \$39,591,918. In 1924, it is expected that about 30,000 cars will be delivered, a business of over \$50,000,000. Few if any of the great New York department stores will do as great a volume of business.

From August 1, 1923 to May 16, 1924, deliveries of this Branch amounted to 20,139 Buicks as compared with 16,295 deliveries for the same period the preceding year. This represents an increase of 3,844 cars, or a 23.1% gain. Sales of this Branch for the first two weeks of May 1924, were 1,231 Buicks as compared with 945 sold in the same period last year. This is an increase of over 30%. It is no wonder that a record breaking volume of business is expected for the new season.

Because the value of Buick output has each year been greater than that of any other exhibitor, Buick has held first place in every National Automobile Show in the United States during the last six years. In 1923, Buick sold 218,516 motor cars, representing a value of \$302,752,950 not including war tax or freight. In the New York district alone 12-5/10% of the 88,026 new cars sold in 1923 were Buicks.

LAWN TENNIS.

BEST BEAT LEAGUE WINNERS.

On Saturday the winners of the Hongkong Lawn Tennis League entertained the Rest of the League on their own ground. The match was made by the U. S. R. C. the occasion of a very pleasant at home which a large number of people attended, who were treated to some excellent tennis by a strong selected team. H. E. the Governor was present as also were Sir Claude and Lady Sevier.

The team selected to meet the league winners were: Messrs. Ng Sze-kwong (C. R. C.), and G. W. Sewell (H. K. C. C.); J. Hyde and E. Fincher (K. C. C.); and H. D. Rumjahn and S. H. Ismail (I. R. C.).

Although the Rest only won the match by three games, they were, at the end of the second series, well ahead and looked like winning very comfortably. The last series went to the champions and thus lessened the margin of defeat.

The scores were:—
Col. Russell Brown and Captain Dods, lost to Ng Sze-kwong and G. W. Sewell, 4-7; beat J. Hyde and E. Fincher, 7-1; lost to H. D. Rumjahn and S. H. Ismail, 4-7 (15-18).

Commodore Grace and Lieut. Com. R. E. Worthington, lost to Ng Sze-kwong and Sewell, 4-7; beat Rumjahn and Ismail, 7-1; beat Hyde and Fincher, 4-7 (15-18).

Col. Montague Bates and Major Hattersley Smith, beat Ng Sze-kwong and Sewell, 7-1; beat Hyde and Fincher, 7-1; lost to Rumjahn and Ismail, 4-7 (15-18)—18-51.

Total: U.S.R.C. 48, The Rest 51.

Shield Presentation.
Following the tennis presentation of the shield and other trophies took place. Col. Butterworth informed the gathering that the shield was presented in 1909 and this was the first year that it had found its way to the U.S.R.C. After paying tribute to the efforts of the individual members of the team in helping to win the shield, he thanked His Excellency for

attending and commented on the interest the Governor showed in all kinds of sport in the Colony. He said he also desired to thank Mr. J. C. Fletcher for the work he had done as secretary of the league and also Capt. Clements for keeping the teams together and for carrying through that afternoon's function so well. Before calling on Mrs. Butterworth to present the shield, he called on Mr. R. E. Lindell, vice-president of the Lawn Tennis Association, to address the gathering.

Mr. Lindell referred in regrettable terms to the absence of Dr. Forsyth, who for so many years had been president of the Association. It was he who originally presented the shield for competition and Hongkong tennis was the poorer for his enforced departure from the Colony. He congratulated the winners of the trophy and thanked His Excellency for his attendance on behalf of the Association and the U. S. R. C. for their hospitality.

Mrs. Butterworth then presented the shield to Commodore Grace and Col. Russell Brown and mementoes to each member of the team.

Mrs. Butterworth also presented the prizes in the Dower Cup competition.

Winner—Lieut. Com. Worthington

Runner-up—E. Fincher.

Semi-finalist—Lieut. Hemmings.

Semi-finalist—Lieut. Allfree.

Cheers for Mrs. Butterworth, who was the recipient of a handsome bouquet, closed the proceedings.

The afternoon was made more attractive by the elections, rendered so well, by the band of the East Surrey Regiment.

INTERNATIONAL POLO.

BRITISH TEAM SEVERELY DEFEATED.

Meadowbrook, Sept. 13.—In the international polo match at Meadowbrook America defeated England by 10 goals to 5.—*Reuter American Service.*

New York, Sept. 13.—Polo circles are much surprised at the unexpected departure on the eve of the first match of Viscount Wimborne, who boarded the s.s. Olympic at midnight, sailing at five in the morning. Questioned Viscount Wimborne replied he had nothing to say.

The Prince of Wales was present. The Americans led throughout and overwhelmingly demonstrated their superiority. The British were ineffective apart from Lacey the Captain, who was outstandingly brilliant. Lacey scored four of the British goals notwithstanding that he was handicapped by an injured shoulder.—*Reuter's American Service.*

RUGBY FOOTBALL.

ALL BLACKS OPEN THEIR TOUR.

London, Sept. 13.—At Devonport today the New Zealand All Black Rugby team opened their tour, beating Devon County by 11 points to nil.

There were twenty thousand spectators present. The All Blacks do not appear to compare with the 1905 side, which won the similar match by 55 points to 8. Devon did remarkably well against highly trained and very fit New Zealanders. There was no score in the first half hour. The All Blacks led at the interval by eight points to nil. The backs were fast and clever, but had a difficulty in their forward scrum formation.—*Reuter.*

South African Test.

Port Elizabeth, Sept. 13.—In the third Rugby test, Britain and South Africa drew three points all. The fourth test will be played on Sept. 20th.—*Reuter.*

NOTICE

WE beg most respectfully to notify the public that we claim to be the owners of a floating raft at Wuchow which was moored at a water front leased by us from the former Superintendent of Customs, Wuchow. The location of this water front is below the Sai Hing floating raft and upwards of the Tin Wo floating raft. Our floating raft was loaned to the firm belonging to Mr. Woo Lai Tai, a British concern, and the term of lease is still unexpired.

Sometime ago the present Supt. of Customs, Wuchow cancelled the lease of the water front to us and seized and confiscated our floating raft.

We have lodged a protest and complaint with the proper Chinese Authorities which is still pending and we beg most respectfully to notify the public not to purchase or mortgage or lease our floating raft from any one until further notice.

HONGKONG IMPORTS.

CANTON TROUBLE AFFECTS BUSINESS.

The fortnightly Price Current and Market Report, published by the Hongkong General Chamber of Commerce, states:—

Cotton Piece Goods and Fancy Cotton Goods.—We have no sales of importance to report. Chaos still continues in most consuming centres, whilst local dealers report tight monetary conditions. Notwithstanding these adverse factors a welcome improvement in clearances of seasonable cargo can be recorded. Price for Mid Am. cotton has declined considerably, and at time of writing 14.55 was last Liverpool rate received. Manchester cloth prices are not commensurate with the decline.

Cotton Yarn.—Business continues on a small scale owing to the cotton trouble, and dealers are only buying for their immediate requirements. Quotations are:—No. 10s. \$225/240. No. 12s \$230/245. No. 16s \$245/255. No. 20s \$230/245. Arrivals 2,104 bales. Shipments nil. Sales 1,000 bales. Unsold stock 8,175 bales. Bargains 1,000 bales.

Woolons.—The market remains unchanged, since last report.

Raw Cotton.—There is no change to report.

Metals.—Market quiet. Nothing doing.

WHEN YOU CANNOT EAT Your Digestion Needs Tonic Treatment.

The Best Tonic for the Stomach and For The Whole System Is DR. WILLIAMS' PINK PILLS.

When you cannot eat, and food does not tempt you, do not blame the food. You are not hungry because you are not digesting your food properly. The cause of weak digestion is stomach weakness due to a deficient secretion of the digestive juices, lack of strength in the nerves which control the stomach's operations, and thin impoverished blood. In fact it is the poor condition of your blood which is primarily to blame, because the regular functioning of every part of the body depends upon good blood.

Therefore to restore your digestion to normal healthy activity the one and only speedy sure method is through the blood, and for this purpose nothing can possibly be better than a course of Dr. Williams' Pink Pills for Pale People, the Blood and Nerve Tonic which since the days of your youth has enjoyed a world-wide reputation. Dr. Williams' Pink Pills rapidly purify and enrich the blood, they make new, rich, red blood at every dose thus not only revitalising the stomach and nerves and restoring digestion, but also eliminating the causes of nervous debility, rheumatism, scotches, neuritis, as well as building up the system, run-down by over-work, over-exercising, or other causes. Dr. Williams' Pink Pills, Dr. Williams' Pink Pills, Dr. Williams' Pink Pills.

MODERN HYGIENE.

New Sun-Worshippers.

Formed on May 14 to educate the public in the systematic use of sunbaths as a preventive of disease, the Sunlight League is the newest of London's societies. Among objects of the league are the following:—Recording of sunshine in the streets and alleys of smoky cities; removal of rickety children from large towns to sanatoria in sunlit places; using means to indicate the chemical activity of the sun's rays rather than its heat; teaching the nation that sunlight is nature's universal disinfectant; and the establishment of a Sunlight League in every town and village.

LUX

It only takes a few minutes to wash your silk blouse, your silk stockings, underwear or anything dainty and "special"—if you use LUX.

The thin, white, silky Lux flakes, which are made by our own exclusive process, dissolve instantly into a bubbling lather that is as harmless as pure water itself. The lather gently squeezed through the fine fabrics quickly loosens the dirt and a few rinsings make the garments beautifully clean.

Lux stands unrivalled for washing silk and other fine garments.

Lux is sold only in sealed packets—dust-proof!

SUN YAT-SEN'S NEW MOVE.

MISCELLANEOUS TAXES ABOLISHED.

The Canton Gazette contains a striking manifesto from Dr. Sun Yat-sen, in which he returns the province of Kwangtung to the people for self-government. The Gazette introduces it as follows:

An announced yesterday, President Sun has issued a Manifesto to the people of Kwangtung in which, while rigidly adhering to his revolutionary principles, he admits that the administrative acts of the Government have not been attended with success—owing to the exigencies of the Military situation.

In deciding to institute immediately complete self-government in the Municipality of Canton and throughout the province, and in cancelling all war taxes President Sun is putting up squarely to the people the responsibility for governing or misgoverning themselves. The following is a free rendering into English of the original document in Chinese, which is bound to create a profound sensation in the minds of the people, as doubtless Dr. Sun intends, and give them "furious to think."

The Manifesto.

The manifesto reviews the recent history of Canton, and states:

In spite of strenuous efforts, the Government has been unable to raise sufficient funds to meet the necessary military needs. Hence, disagreeable miscellaneous taxes were introduced, resulting in the increase of price on all commodities and aggravating the high cost of living. As it is the duty of every citizen to take part in the revolution, and while the people of Kwangtung alone have borne the greater part of the responsibility, it is plain that the people of Kwangtung have shared unfairly. Added to this grievance, oppression from disorderly and unthinking generals; unscrupulous officials enriching themselves under the pretext of raising money for the Government, have rendered unsafe the lives and properties of the people. Then, too, the interruption of communication has rendered many cities isolated and deserted. All these are sufficient to incur the dissatisfaction of the

people of Kwangtung. With all these grievances the people of Kwangtung, especially the merchant class, have gradually shown little faith in the Revolutionist Government.

Principles And Actions.

Little do they realize that the principle of the revolution is one thing while the course of action taken by the revolution is another. With regard to the principle of the revolution, the Government will not waver in its determination to carry it through. As to the course of action adopted, the Revolutionist Government will not hesitate to have it altered to conform with existing conditions.

The present condition in Kwangtung is due to the fact that the course of action adopted by the revolution is unsound. It is not due to the principle. Should those who complain of the unsatisfactory course of action, attack the principle of the revolution and oppose the existence of the Revolutionist Government, then, the Government, for the sake of preserving its revolutionary principle, will be forced to take action and crush such opposition.

The People's Indifference.

For more than 30 years, I with my comrades, in order to carry out the principle of the revolution, absolutely disregarded the opposition of the world. Even the iron rule of the Manchu Government was insufficient to cause me to alter my purpose. Although ridicule, treason and other strong charges were heaped upon me, to none did I give a second's thought. Truly, the people of Kwangtung well know what I have gone through. Hence, it is to the interest of the people of Kwangtung at large, and the merchants too, to support the Revolutionist Government work, for the principle of the revolution, and at the same time co-operate with the Government to modify the course of action in the revolution.

It is clear that the present state of affairs has been brought about by the indifference of the people towards national affairs, and their refusal to work together with the Government. In its struggle for existence, the Revolutionist Government had to adopt strong measures to raise funds from the people. For this reason, the ill-feeling between the Government and the people became more acute.

WORLD FLIGHTS.

AMERICAN AVIATORS LEAVE WASHINGTON.

Washington, Sept. 14.—The world-fliers have departed for the Pacific coast to complete their flight.—*Reuter's American Service.*

War May Delay Maj. Zanni. Tokio, September, 8.—The plans of Major Zanni, Argentinian world aviator, may be changed because of the war which is being fought around Shanghai.

The advisability of flying directly from Shanghai over the route taken by the American flyers is being considered, or it is possible that the flight may be delayed until conditions are more nearly normal.

Flying northward from Shanghai is deemed to be hazardous at this time.—*Reuter.*

Radical Changes.

Now the Government is willing to change its course of action and invites the co-operation of the people. The Government solemnly makes the following declarations:

1. The various troops will be despatched on an expedition against the North in the shortest possible time.

2. To return the province of Kwangtung to the people of the province for self-government. The Canton Municipality to be reorganized and a new Mayor to be elected by the people as a first step towards self-government.

3. All miscellaneous taxes declared cancelled and regulated by the incoming elected officials. The Revolutionist Government has decided to carry out the foregoing three steps. The people of Kwangtung should realize that the Government is ready to modify the course of action of the revolution in accordance with the wishes of the people. It is now for the people to show their enthusiasm in support of the Government so that the aims of the revolution may be early realized. To face our enemies with the united front of the Government and the people, the task of the revolution, left unfinished in the past 13 years, will be accomplished. The existence of the Republic is at stake.

LAWN BOWLS.

SATURDAY'S LEAGUE MATCHES.

Second Division Tussle.

There is no change in the first
division League table as the result
of Saturday's fixtures. Both Tai-
koo and the Police were without a
match, and consequently the Civil
Service Cricket Club, strengthened
by the return of the Interporter,
Mill, won on their own green
against the Kowloon Cricket Club,
and tie with the former for top
place. Civil Service have, how-
ever, played two more matches.
They had an easy victory against
the Cricket Club, winning by no
less than 24.

Craigengower continue to show
what a good team they are by
easily accounting for the Kowloon
Bowling Green Club on the latter's
green. They were up on all three
rinks, and claimed a margin of 36
points in their favour.

The fight for the championship
of the second division has been
made all the more interesting by
reason of the defeat of Tai-koo by
Kowloon Dock. Both teams have
played the same number of
matches and have lost two each,
but the Kowloon side can claim
by far the better shot average. It
is quite probable that they will
have to meet again in order to
decide where the trophy is to go.

Kowloon Cricket Club now take
the third position by reason of
their defeat of the Indian R. C.
They were successful on all three
rinks and won by 12 points.

The Royal Hongkong Yacht Club
came a cropper at Kowloon, the
Bowling Green Club running away
from them from the start and
finishing up 50 points to the good.
In view of the improved form
shown by the North Point men in
recent games, the score against
them was surprisingly heavy.
